- Clearly stated their viewpoint about the project.   (10%) 5
- Helped in meeting project objectives.   (10%) 5
- Their workload involved in this project was reasonable.   (10%) 5

Comments

Eric did great, met up for all the team meetings and had great insight. Came up with a great base of the css

code required and had some sweet photoshop skills.

Would definitely work with again if given the opportunity.
